Presents

DVD Facilitation Skills Training
The Supervisor's Role in Training Trainers' Workshop

PURPOSE

POST has developed a 16-hour statewide workshop to train first-line supervisors (usually sergeants) to properly implement the DVD-based Line-Up Training Program. The facilitators' workshop will provide first-line supervisors with an understanding of the Line-Up Training Program, facilitation techniques, sample group interaction methods, techniques for engaging officers in training, and importance of adhering to local agency policy and procedure.

The POST Line-Up Training Program training sessions are designed to satisfy continuing professional training (CPT) requirements using a standardized approach to line-up training via high-quality, interactive digital video disc (DVD) technology in small group settings. The program relies upon first-line supervisors, who serve as the majority of instructors in line-up training settings. Topics for the program include **pursuit driving**, officer safety, enforcement of the law, seizure of evidence, tactical response, use of force and ethical decision making. Officers may earn 20+ hours of continuing professional training (CPT) credit using the program internally without having to attend off-site training.

Workshop participants will receive 16 hours of CPT training credit. Agencies should send sergeants or dispatch supervisors who can be assigned to facilitate the delivery of DVD-based training to their subordinates.

LOCATIONS

New classes are being scheduled weekly. For the latest schedule of dates and locations for this course, please see our web page at www.nvccjtc.org or call 707-253-3255.

COST

POST Plan IV offered at no cost to agencies in the POST Program
